E B C#m A E F#m B A B (x2)

E I see a B turning wheel

On a C#m dusty track

A Caught in the void and E empty space

In between F#m there and back

B And the paradise A of going B somewhere

That's still so far E away B C#m

A Happy, E boy you F#m bet I am

B Holding on to this C#m smile for just as

B long as I can... E Heaven C#m

A Du-di-du-du E heaven E Amaj7 D7 E heaven A D

E It's all bright B in front

And it's C#m all dark behind

A Living for the now E that's in between F#m the bridges

and the signs A B

C#m And getting there is still B a long long way to go

E While the others dream a wish B

This is everything I officially C#m need to know
