

**Intro : Em A | G B7 | Em D | G B7**

Em                      A                      G                      B7  
I'm broke, I'm broke, I'm 27 and broke  
Em                      D                      G                      B7  
I'm broke, I'm broke, Hell killed Heaven, I'm broke  
Now it's a bankruptcy, never thought I would see this  
All cleaned out and demolished, I'm broke

Misery loves company  
The bitch won't feel lonely a minute, no  
Now the payment's denied, and I feel I could cry  
But won't let go of my pride, no

It never rains, but it pours, never rains, but it pours  
All I get is shut doors, all I get is shut doors  
Every day, I'm at war  
Fill the fridge, no second thoughts  
Feel the beat, girl

**refrain**

No, it ain't no mystery, we don't need the money, yeah  
Been struggling all week to keep my sanity, my dignity, yes

It never rains, but it pours, never rains, but it pours  
All I get is shut doors, all I get is shut doors  
Every day, I'm at war  
Fill the fridge, no second thoughts  
Feel the beat, girl

**refrain**

Yes, I'm broke, broke  
Yes, I'm broke, broke, broke

**refrain**

**refrain**  
Yes, I'm broke
