

[Intro] Am G Am G (x2)

Am G F Am
 Woman of wonder, gone into the night All has been forgiven
 G F Am
 For the first and the last time, it will all be alright To this point we have been driven
 G F Am Am
 They drink their brandy and they smoke their cigars
 G F Am Am
 While their old friends scream out their names (And she says)

G F Am Am G
 "We are all just children of the stars A couple of girls, couple of boys
 F Am G F F
 You are not to blame No-no, no-no"

Am G F Am
 Woman of wonder, gone into my soul In your opium apparition
 G F Am
 You're a muse, goddess, you're a beacon divine To a man in my condition
 G F Am
 She say's "Follow me baby", though her tears have been cried You and I can be forgiven
 G F Am
 For fallen, for thinking that our hearts are both died In this life we are still living

G F Am Am
 They sniff their thunder and they compare their scars
 G F Am Am
 While their old foes scream out their names (And she says)

G F Am G
 "We are all just children of the stars Street boys, street girl
